MEDWAY LOCAL PLAN 2041: EXAMINATION HEARING SESSIONS (PHASE 2)
HEARING AGENDA
DAY 11: THURSDAY 19 NOVEMBER 2026
MORNING SESSION: 9.30AM
AFTERNOON SESSION: 2PM (contd.)

Matter 12: Minerals and Waste

Issues

Whether the Plan and its relevant policies provide for a steady and adequate supply of minerals and is justified, effective and consistent with national policy.
Whether the Plan seeks to maintain a sufficient, sustainable supply of locally and nationally important minerals and adequately safeguard mineral resources and minerals infrastructure.
Whether the Plan's overall approach and policies in relation to waste that needs to be managed over the Plan period is robust, justified, effective and consistent with national policy.

Key Points for Discussion

1. Minerals Safeguarding

   a. Policy T30: Safeguarding Mineral Resources
   b. Policy T31: Safeguarding of Existing Mineral Supply Infrastructure

2. Minerals Supply

   a. Policy T32: Supply of Recycled and Secondary Aggregates
   b. Policy T33: Extraction of Land Won Minerals

3. Waste Management and Capacity

   a. Policy DM23: Waste Prevention
   b. Policy T34: Safeguarding of Existing Waste Management Facilities
   c. Policy T35: Provision of Additional Waste Management Capacity
   d. Policy T36: Location of Waste Management Facilities

4. Use of Waste

   a. Policy T37: Other Recovery
   b. Policy T38: Non-inert Landfill
   c. Policy T39: Beneficial Use of Inert Waste by Permanent Deposit
   d. Policy T40: Wastewater Treatment
