**Any other comments**

Q5. Do you have any other comments?

When new housing development are built  
NO consideration is in place for tradespeople  
that need to park. The roads are too narrow  
& not enough parking spaces per house put in  
so cars park along the road & on the pavement,  
then spill over onto existing estates.  
Also main road at Chatterdown needs to be resurfaced  
as it is not substantial enough for the volume  
and height of vehicles.
